

Test #1 TOPICS

- *Label 5 oceans, 7 continents, other bodies of water
- *Latitude and Longitude – prime meridian, equator, locating on a map, stating Latitude and Longitude coordinates including direction
- *5 characteristics of water – water lab information, powerpoint note
- *Salt in the Ocean, Color of the Ocean reading info
- *Graphing activity – relationships of temperature, density and salinity to depth
- *Adaptations – definition, example

Although these are the important main topics all your notes and activities are “fair game” for a test.
